Philippines for Christ

VOLUME 2, ISSUE 9

OCT—NOV 2010

Busy for Jesus!

Though at times we feel almost overwhelmed by our “workload” and the responsibilities of overseeing the missions work in the Philippines, we count it a tremendous blessing to be able to dedicate our time and efforts to reaching precious souls with the wonderful gospel of Jesus Christ! During the week our duties include teaching classes in the Bible College, grading papers and tests, and preparing the curriculum for the next term. Sister Naimy is teaching a weekly piano class to our first year students, and is also giving private lessons to about a dozen people. Most weekends find us traveling to preach at various sites throughout the country. In just the past 2 months we’ve preached anniversary services at our works in Taytay, Bacolod City, and Cubao, and we’ve dedicated new churches in Bago City, Bulacan, and Mindoro. Though it is spiritually, physically and emotionally taxing at times, it is more than worth it to see souls being born into the Kingdom!

Gospel Tracts Being Produced

We are now producing our own gospel tracts in the Philippines! Our goal is to print these in all the major languages and distribute millions of them. People here gladly receive them, and we have the willing manpower to distribute them. All we lack is the funds to print them in large volumes. Please believe God with us to meet this need.

Birthday Serenade!

It’s 4:40 a.m. and we are awakened by what sounds like angels singing outside our window! It is still dark outside. Lo and behold, it is a group of about a dozen young people from the Cubao church singing Happy Birthday songs to Sis. Naimy. I think this is the sweetest thing I’ve ever seen anyone do to celebrate a birthday!
